

“There is always work for a good Barista - at home or abroad.”

Barista Training Course

(Certificate on completion).

Learn the skills of a Barista in a real coffee shop setting.

We will train you to use an Espresso machine and make delicious coffees. We use our shop (during after hours) for the training session instead of a classroom so you can get real commercial experience of the equipment and techniques required for great coffee making.

What you will learn:

- How to prepare the most popular coffee based drinks including Latte, Cappuccino, Flat White, Ristretto and Macchiato;
- How to set up and use an Espresso machine and grinder. Also how to clean them at the end of the day;
- Secret tips to creating a great coffee taste;
- The differences between coffee beans and how they need to be cared for before grinding. This background allows you to talk to customers about the coffee you are making;
- Unlike other courses, this training gives you hands on practical experience in a real coffee shop - a great bonus to your CV.

Max 2 people per session.

Course times

Tuesday 4 - 7pm

Thursday 5 - 8pm

Cost: £ 90.00 (includes all coffee, materials and snacks. Certificate issued on completion). £65.00 if you book with a friend or join another.

For booking and availability call 07899 802 403 or email geoff@coffeedrive.co.uk
